

1. All work must be done in Figma, please also share your workspace with my
2. You can use a pre-built lo-fi design system, build one on your own, or just a combo of pre-built and custom-built.
3. You must have ACTUAL content in the lo-fi system. I want to see real headlines and body copy. No lorem ipsum!!
4. You must have a desktop version for all three pages (Product, checkout, and thank you ) using the 1440 px (Desktop) artboard in Figma.
5. You must have a mobile version for all three pages (Product, checkout, and thank you ) using the 390 px (Desktop) artboard in Figma.
6. Please use Google Font Open Sans for all of your low-fi designs
7. Make sure your Figma file is well organized
